**IMPORTANT**

**Please take the time to read through the following program rules.**

- a. The City has the authority to determine the eligibility or ineligibility of all proposed projects.
- b. The City of Ellsworth will receive and review each application. Upon determination that an application is complete, the Ellsworth City Planner will submit the application to the Enviro-grant Committee for review.
- c. The City reserves the right to reject any and all applications or to request more information from an applicant when it is determined that it is in the best interest of the City to do so.
- d. After initial selection and before receiving final approval, the applicant may be required to provide more information.
- e. Upon completion of the work and certification from the Ellsworth City Planner or designee that the work has been completed consistent with the application, the recipient shall submit a request for reimbursement along with paid bills/invoices for the approved work to the City Planner. In some cases, the City may make an exception and pay the contractor directly.
- f. The purpose of the Program is NOT to improve properties with the intent of resale at a higher price, but to provide incentive to improve properties for the protection of water resources. Therefore, if the subject property is sold within five years of project completion, the owner shall pay the City the following amount back:
  - Within 1 year → Owner pays back 100% of grant award to City
  - Within 2 years → Owner pays back 80% of grant award to City
  - Within 3 years → Owner pays back 60% of grant award to City
  - Within 4 years → Owner pays back 40% of grant award to City
  - Within 5 years → Owner pays back 20% of grant award to City
  - After 5 years → there is no repayment.
- g. **Procurement Standards.** Competitive procurement of supplies and of services applies to all program activities. This means that a grantee will have to obtain and document price quotes from at least three vendors for supplies and/or at least three contractors for services for purchases between \$500 and \$10,000. Purchases of more than \$10,000 shall use a formal bid process as stringent as the City of Ellsworth bid process.
- h. **Permit Requirements.** The grantee will be responsible for securing all required construction, electrical and other permits from the local government, and from State or Federal agencies.
- i. **Equal Employment Opportunity.** The grantee shall comply with all applicable regulations concerning equal employment opportunities for persons engaged in program work undertaken in connection with program assistance
- j. **Records.** The grantee shall keep such records as may be required by the City in connection with the work to be assisted.
- k. **Civil Rights.** The grantee shall not discriminate upon the basis of race, color, sex, marital status, handicap, religion or national origin in the sale, lease, rental, use or occupancy of the property to be assisted.
- l. **Interest of Public Body.** The grantee shall allow no member of the Ellsworth City Council and no employees of the City of Ellsworth to have any interest, direct or indirect, in the proceeds of any grant or in any contract interest into the grantee for the performance of work financed, in whole or in part, with the proceeds of the grant.
- n. **Displacement of Tenants.** No financial assistance will be provided if the project involves the permanent and involuntary displacement of tenants unless the grantee agrees to provide financial assistance to the tenants at levels consistent with the Federal Relocation and Real Property Acquisition Act. Such assistance granted will not, however, be counted in the private match requirements.
