

To the people of Ellsworth,

I am suspending all campaigning activities for the position of Ellsworth City Councilor. Due to recent personal events, I am unable to fulfill the duties required for this vital role at this time.

I hope you will take the time to research and vote for the most suitable candidates from the remaining six individuals. I extend my apologies for any disappointment or inconvenience my withdrawal may have caused. I am deeply grateful for the overwhelming support I've received from my friends and family. Ellsworth deserves representatives who can communicate effectively, initiate positive changes in our city, and treat everyone with dignity and respect.

Best wishes,

Noah Robidoux
